STRIVE Preparatory Schools
Summit Public Schools

2018 Eligible Charter Management Organizations

* Finalists for The Broad Prize are typically announced in May of each year, after several months of data collection, analysis and review. Because of the delayed release of the 2015-16 Common Core of Data, The Broad Foundation and the National Alliance extended the data review period. This allowed The Broad Prize Review Board to consider all eligible CMOs, including five CMOs initially deemed ineligible due to incorrectly reported demographic data. Those five CMOs are marked with an asterisk.
