## **Shawn R. White named General Counsel of The Broad Foundations**

LOS ANGELES, November 21, 2019—Shawn R. White, an experienced attorney and Los Angeles native, has joined The Broad Foundations and the Broad Family Office in the role of General Counsel. White has a breadth of experience advising non-profit and for-profit organizations, and extensive expertise with contracts, intellectual property, strategic global transactions, exempt organizations, governance and investments. White assumed the role of General Counsel in September.

“The combination of a keen legal mind together with a deep personal commitment to public service make Shawn an ideal advisor to our work,” said Gerun Riley, president of The Broad Foundation. “Shawn has a legal background that has both breadth and depth, and a passion for social justice that will help inform our work across all areas of the foundations.”

White began her legal career as a corporate associate in the Latin American practice of Simpson Thacher & Bartlett, LLP’s New York office. After leaving the law firm, White served as an in-house lawyer as Vice President - Corporate Counsel at Prudential, Chief Legal Counsel to the Prudential Foundation and General Counsel to a minority-owned federally chartered depository institution.

“I was raised in a family with a long and deep history of public service that aligns with the values of The Broad Foundations. It is a privilege to be joining an organization that allows me to use my legal training to further a mission that ties with my personal passion for civic engagement and service,” White said.

White earned her law degree from Stanford Law School and her bachelor’s degree in Economics from Barnard College at Columbia University. White is a member of the State Bars of California and New York, the Black Women Lawyers Association, the National Bar Association, the Langston Bar Association and the Association of Corporate Counsel.

The Broad Foundations, which include The Eli and Edythe Broad Foundation and The Broad Art Foundation, were established to advance entrepreneurship for the public good in education, science and the arts. The foundations together have assets of more than \$3 billion. The Broad Foundation has created groundbreaking independent institutions in each of its three grantmaking areas, including The Broad Center, which develops leaders to help transform America’s urban public schools, the Broad Institute, a global leader in genomics, and The Broad, a museum in downtown Los Angeles devoted to showcasing great contemporary art.
